The article “MicroRNA-375 accelerates the invasion and migration of colorectal cancer through targeting RECK”, by L.-J. Wei, D.-M. Bai, Z.-Y. Wang, B.-C. Liu, published in *Eur Rev Med Pharmacol Sci* 2019; 23 (11): 4738-4745–DOI: 10.26355/eurrev_201906_18055–PMID: 31210300 has been retracted by the authors for the following reasons:

This paper has been questioned on PubPeer (<https://pubpeer.com/publications/0E5B55962B277F3D0AB-BC0451DAAB3>). In particular, concerns were raised about Figure 3 and Table I.

Unfortunately, the authors are not able to confirm nor deny this concern as they did not find the primary data for figures. The authors decided to study this experiment again to deliver more precise results. After consultation among the authors, in line with the rigorous attitude towards scientific research, authors agreed that it was necessary to withdraw the article and make further research and improvement.
